To whom it may concern,

My name is David Zabala, and i am writing to introduce myself and share some information about my academic background. I am currently studying Microinformatic System and Network at the Mikeldi's Study Center of Basque Country, where I am in my second and last year.

That Course have helped me develop Teamwork and communication skills
I have also participated in group projects like Make a Web Page about a company with HTML and CSS.

I am very interested in gaining professional experience in the business field, especially in Microinformatic Systems (repairing and assembling computers) and Networks (helping to set up networks). I am motivated to learn more and contribute to a dynamic work environment.

Thank you for considering my letter. Please feel free to contact me if you need more information.

Kind regards,
David Zabala
